What is the goal of the AYAH CoIIN?
The AYAH-CoIIN will focus on discovering and implementing evidence-based strategies to increase adolescents’ and young adults’ access to preventive health care visits and to improve the quality of these visits.

Important dates

March, 2015
AYAH National Resource Center releases a Request for Applications and distributes it to state MCH programs (see AMCHP and Center websites).

March 12, 2015
